

BEDIYA®

FANS | LIGHTING | APPLIANCES

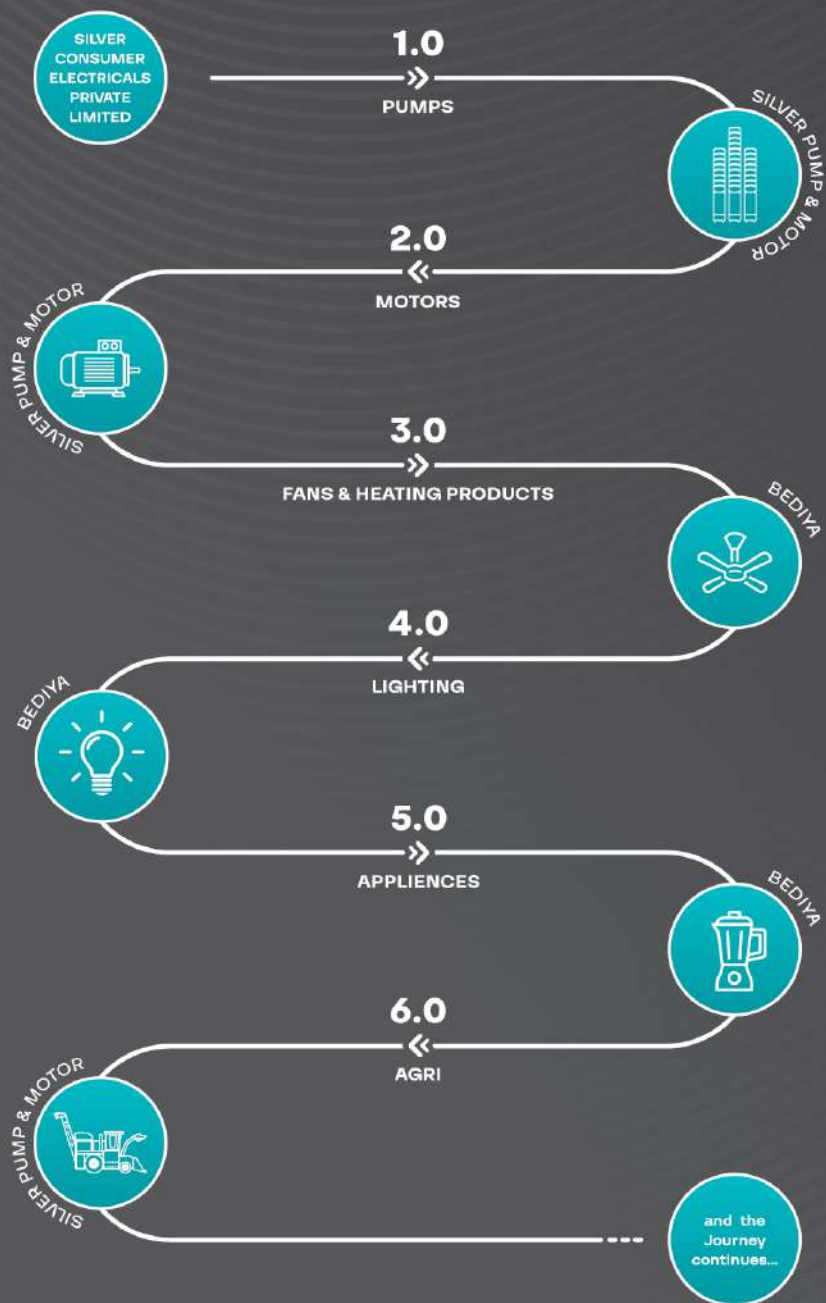

**Premium Fans
Powered by
Innovation**

Incorporated on 27th August 1981, traditionally Silver has been the manufacturer of Residential and Agricultural Pumps till 2018. In 2018, Mr. Vinit Bediya joined and transformed it to one of the fastest-growing consumer electrical companies. We are now research led- consumer electricals player with superior value engineering capabilities. We have diversified product portfolio with 5000+ SKU's comprising Pumps, Motors, Fans, Agri implants, Lighting, and consumer electricals. We have fully backward integrated, eliminating China and external dependency, one of its kind, state of the art manufacturing facilities with capabilities for developing and manufacturing consumer electrical products requiring precision and stringent quality testing, backed by best in class R&D facilities. Ours is largest manufacturing facility spread across 50 acres of land located near Metoda, Rajkot under a single roof. Massive investments in infra and building proprietary technologies have driven our success over past 4 years.

Our Story

VISION

To be the world's no. 1 Provider of innovative solutions in **consumer electrical products.**

MISSION

To persistently work to achieve our vision by **transforming our self into a rapidly growing, high performing and exponential organization** which will continue to improve processes and products to ensure innovation with higher value and quality at a competitive price.

Who we are?

We, at Bediya are determined to create layman-friendly electrical products. We know the need for a common man. Since our establishment, we have been concentrating on consumer-friendly products with superior quality and futuristic technology.

What we offer?

We offer our customers the best value for their money with every single product. We offer a bond of trust with our name and are always ready to serve our customers. We believe that futuristic technology is everyone's right and we are bound to provide it to all.

BEDIYA Products

BEDIYA Products are designed to offer best in class performance and the advantage of latest technology and substantial savings on energy consumption to all our consumers.
